CPCCPD2012 Use painting and decorating tools and equipment

Release: 3

CPCCPD2012 Use painting and decorating tools and equipment

Modification History

- Release 3 Updated reference to general construction induction training program.
- Release 2 This version first released with CPC Construction, Plumbing and Services Training Package Release 6.4.
Correction to Training Package title in the Modification History from CPC Property Services to CPC Construction, Plumbing and Services Training Package.
- Release 1 This version first released with CPC Property Services Training Package Release 5.0.
Supersedes and is equivalent to CPCCPD2012A Use painting and decorating tools and equipment. Updated to meet the Standards for Training Packages 2012.

Application

This unit of competency specifies the skills and knowledge required to select, use, store and maintain a range of commonly used painting and decorating tools and equipment.

The unit is suitable for those with basic skills and knowledge undertaking routine work tasks under the direction of more experienced workers.

Completion of the general construction industry training program specified by the model Code of Practice for Construction Work is required for any person who is to carry out construction work. Achievement of *CPCWHS1001 Prepare to work safely in the construction industry* meets this requirement.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

CPCCWHS200 Apply WHS requirements, policies and procedures in the construction
1 industry

Unit Sector

Painting and Decorating

Elements and Performance Criteria

Elements describe the essential outcomes.

Performance criteria describe what needs to be done to demonstrate achievement of the element.

- | | |
|--|---|
| 1 Plan and prepare. | 1.1 Review work instructions to use painting and decorating tools and equipment. |
| | 1.2 Plan all work to meet relevant requirements of work health and safety (WHS), Commonwealth and state or territory legislation, environmental plans and obligations, manufacturers' specifications, and workplace requirements. |
| 2 Select and prepare hand and power tools and equipment. | 2.1 Select tools and equipment, including personal protective equipment (PPE) for the task and identify their functions, limitations and safe methods of operation. |
| | 2.2 Fit personal protective equipment (PPE) as required for each task. |
| | 2.3 Check tools, equipment and hoses for serviceability, leads are tagged and rectify and report faults. |
| | 2.4 Check and maintain power tool and equipment guards, retaining bolts, couplings, gauges and controls. |
| | 2.5 Conduct pre-operational checks according to manufacturers' recommendations. |
| 3 Use tools and equipment. | 3.1 Follow start-up and shut-down procedures according to workplace practices. |
| | 3.2 Use tools and equipment safely and effectively. |
| | 3.3 Locate tools and equipment safely when not in immediate use. |
| | 3.4 Clean, check, maintain and store tools and equipment on conclusion of task. |

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Unit Mapping Information

Supersedes and equivalent to CPCCPD2012A Use painting and decorating tools and equipment.

Assessment Requirements for CPCCPD2012 Use painting and decorating tools and equipment

Modification History

- Release 3 Updated reference to general construction induction training program.
- Release 2 This version first released with CPC Construction, Plumbing and Services Training Package Release 6.4.
Correction to Training Package title in the Modification History from CPC Property Services to CPC Construction, Plumbing and Services Training Package.
- Release 1 This version first released with CPC Property Services Training Package Release 5.0.
Supersedes and is equivalent to CPCCPD2012A Use painting and decorating tools and equipment. Updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency, a candidate must meet the performance criteria of this unit by using, maintaining and storing all the tools and equipment listed below over the course of three separate painting and decorating tasks, with each task involving an area of at least six square metres.:

- brushware and accessories
- buckets
- covers and drop sheets
- duster brushes
- filling knives and blades
- hammers and nail punches
- hand sanders
- heat guns
- mechanical sanders, including:
 - belt
 - disc
 - orbital
 - random orbital
- paint pots
- paint stirrers
- putty knives

- roller frames and accessories
- scrapers
- wire brushes
- high-pressure washers
- water treatment units.

All work must be performed to the standard required in the workplace and must meet the requirements of work health and safety (WHS), Commonwealth and state or territory legislation, manufacturers' specifications, and environmental plans and obligations.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- safety requirements relevant to using painting and decorating tools and equipment
- environmental requirements relevant to using painting and decorating tools and equipment
- types, characteristics, uses and limitations of painting and decorating hand tools, power tools and equipment, including:
 - brushware and accessories
 - buckets
 - covers and drop sheets
 - duster brushes
 - filling knives and blades
 - hammers
 - hand sanders
 - heat guns
 - mechanical sanders:
 - belt
 - disc
 - orbital
 - random orbital
 - nail punches
 - paint pots
 - paint stirrers
 - putty knives
 - roller frames and accessories
 - scrapers
 - wire brushes
 - high-pressure washers
 - water treatment units
 - dust extraction units.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

This unit must be assessed:

- in the workplace or a close simulation of the workplace environment, provided that simulated or project-based assessment techniques replicate construction workplace conditions, materials, activities, responsibilities and procedures.
- using realistic tasks or simulated tasks, relevant specifications and work instructions, standard work practices, safety requirements and environmental constraints.
