Assessment Requirements for CPCCPD3028 Apply decorative paint finishes

Release: 3

Assessment Requirements for CPCCPD3028 Apply decorative paint finishes

Modification History

- Release 3 Updated reference to general construction induction training program.
- Release 2 This version first released with CPC Construction, Plumbing and Services Training Package Release 6.4.
- Correction to Training Package title in the Modification History from CPC Property Services to CPC Construction, Plumbing and Services Training Package.
- Release 1 This version first released with CPC Property Services Training Package Release 5.0.
- Supersedes and is equivalent to CPCCPD3028A Apply decorative paint finishes. Updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency, a candidate must meet the performance criteria of this unit by completing the following decorative finishes to specifications:

- a mirror finish to one side of a flat panel door
- a mirror finish to one side of a four-panel door
- two broken colour effects on a minimum of a six square metre surface, including an internal corner
- two modern acrylic finishes, each on a minimum six square metre surface
- use of a minimum of three lineal metres of lining within a decorative finish on a minimum six square metre surface
- a basic stencil finish repeated six times and including an internal corner
- basic imitation marbling, imitation wood graining, each on a minimum of a two square metre surface
- basic gilding special effects on a ceiling rose or decorative feature.

All work must be performed to the standard required in the workplace and must meet the requirements of work health and safety (WHS), Commonwealth and state or territory legislation, manufacturers' specifications, and environmental plans and obligations.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- safety requirements relevant to applying decorative paint finishes

- environmental requirements relevant to applying decorative paint finishes
- types, properties, uses and limitations of decorative finishes materials
- types, characteristics, uses and limitations of tools and equipment relevant to applying decorative paint finishes
- Australian Paint Approval Scheme (APAS) classifications
- compatibility of surface coatings to substrates
- decorative painted finishes technology
- techniques for traditional and modern special finishes:
 - broken colour effects
 - lines
 - mirror finish
 - gilding
 - stencilling
 - basic imitation marbling
 - basic imitation wood graining
- techniques for acrylic finishes:
 - suede
 - metalescence
 - pearlescence/illuminescence
 - lime washes
- materials storage and environmentally sustainable waste management, including correct disposal of water-based, latex-based and solvent-based paints
- plans, drawings and specifications relevant to applying decorative paint finishes
- processes for the calculation of material requirements relevant to applying decorative paint finishes
- quality requirements relevant to applying decorative paint finishes
- solid waste and paint sludge disposal techniques and relevant legislation, including Environmental Protection Authority (EPA) and local council regulations.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

This unit must be assessed:

- in the workplace or a close simulation of the workplace environment, provided that simulated or project-based assessment techniques replicate construction workplace conditions, materials, activities, responsibilities and procedures
- using realistic tasks or simulated tasks, relevant specifications and work instructions, standard work practices, safety requirements and environmental constraints.
