Assessment Requirements for CPCCR2002 Use roof tiling tools and equipment

Release: 2

Assessment Requirements for CPCCRT2002 Use roof tiling tools and equipment

Modification History

- Release 2 Updated reference to general construction induction training program.
- Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.
- Supersedes and equivalent to CPCCRT2002A Use roof tiling tools and equipment. Updated to meet the Standards for Training Packages.

Performance Evidence

To demonstrate competency, a candidate must satisfy all of the elements, performance criteria and foundation skills of this unit by selecting, checking and using tools and equipment to tile a minimum 25 square metres of roof, including at least 1.5 metres each of top ridge, hip, valley and gable.

All work must be performed to the standard required in the workplace and must comply with laws and regulations, Australian Standards, work health and safety (WHS) and environmental requirements, manufacturers' specifications, and workplace requirements.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- compliance requirements of Australian Standards for using tiling tools and equipment
- workplace quality policies and standards for using tiling tools and equipment
- safety requirements for using tiling tools and equipment, including:
 - job safety analyses and/or safe work method statements in accordance with Safe Work Australia *Code of Practice for Construction Work* or state and/or territory equivalent
 - safety data sheets (SDS)
 - personal protective equipment (PPE)
- measuring and marking using tiling tools and equipment
- purpose and safe use of tiling tools and equipment:
 - bedding frames
 - blowers
 - chisels
 - concrete mixers
 - elevators
 - embossing mallets

- fall safety devices
- gutter protectors
- hammers
- hand/bush saws
- ladders
- measuring tapes and rules
- nail guns
- pincers
- power drills, grinders, saws
- shovels
- squares
- string and chalk lines
- tile cutters
- trowels
- breaks or cutting irons
- guillotines
- small compressors
- small petrol or diesel engines.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

This unit must be assessed in the workplace or a close simulation using realistic workplace conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.
