Assessment Requirements for CPCCSG3008 Hand draw chalkboards and showcards

Release: 1

Assessment Requirements for CPCCSG3008 Hand draw chalkboards and showcards

Modification History

Release 1.

This version first released with CPC Construction and Property Services Training Package Version 2.

Revised unit of competency. Replaces superseded equivalent CPCCSI3008A Write showcards and chalkboards.

Performance Evidence

A person demonstrating competency in this unit must satisfy all of the elements, performance criteria and foundation skills of this unit, and must produce:

- one menu consisting of lettering and graphics on chalkboard
- one showcard using paints and brushes, drawn on cardboard.

In doing the above work, the person must:

- prepare each surface
- apply the principles and theory of laying out signs to ensure their legibility and visual impact
- select and use tools and materials to safely and efficiently meet the job requirements.

Knowledge Evidence

A person demonstrating competency in this unit must demonstrate knowledge of:

- surface compatibility with different paints and mediums and various methods for their application
- design principles and their application in hand drawing chalkboards and showcards, including:
 - construction of alphabets and choice of fonts
 - theory of letter spacing
 - principles and application of theories of laying out signs, including:
 - balance
 - colour
 - contrast
 - harmony
 - letter styles
 - space

- relevant Australian standards applicable to hand drawn signs, including:
 - AS 1319 Safety signs for the occupational environment
 - AS 2311 General workmanship – painting
 - AS 2700 Colour standards for general purposes
- colour selection techniques and principles relating to hand drawing chalkboards and showcards
- commonly used drawings and layouts for chalkboards and showcards
- purpose and application of the following when working with materials required to produce hand drawn chalkboards:
 - safety data sheets (SDS)
 - safe work method statements (SWMS)
- processes and techniques to measure and calculate material quantities required when hand drawing chalkboards and showcards
- measuring and setting out methods relevant to layout of hand drawn chalkboards and showcards
- statutory and regulatory authority requirements relating to the use and handling of materials used in drawing chalkboards and showcards, including:
 - removal of waste products
 - storage of chemicals and materials
- symbols, dimensions and terminology relating to chalkboards and showcards
- techniques for writing chalkboards and showcards
- types and characteristics of brushes and applicators used when producing hand drawn chalkboard and showcard signs
- types, use and compatibility of materials applied to chalkboards and showcards.

Assessment Conditions

Suitable assessment of performance requires:

- equipment and tools:
 - as listed in the range of conditions
- specifications:
 - Australian standards specified in knowledge evidence
 - drawings
 - SDS
 - SWMS
 - work instructions
- timeframe:
 - according to job requirements.

Assessor requirements

As a minimum, assessors must satisfy the assessor requirements in the Standards for Registered Training Organisations (RTOs) current at the time of assessment.
