Assessment Requirements for CPCCT3013 Carry out cemetery monument fixing

Release: 2

Assessment Requirements for CPCCST3013 Carry out cemetery monument fixing

Modification History

Release 2 Updated reference to general construction induction training program.

Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.

Supersedes and is equivalent to CPCCST3013A Carry out cemetery monument fixing. Updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency in this unit, a candidate must meet the performance criteria of this unit by installing two different styles of cemetery monuments.

In doing this, the candidate must:

- install two different types of stone
- test and use lifting equipment
- comply with cemetery monument standards and codes.

Knowledge Evidence

To be competent in this unit, a person must demonstrate knowledge of:

- types and performance of adhesives and sealants used in stonemasonry work
- properties and performance of concrete footings
- types of natural and manufactured stone:
 - basalt
 - granite
 - marble
 - pre-cast concrete sections
 - reconstituted stone
- processes and techniques for fixing various types of cemetery monuments
- construction terminology relating to monument fixing
- types and safe use of lifting equipment
- functional and operational features of plant, equipment and hand and power tools:
 - air compressor and hoses
 - concrete mixers
 - generators

- impact drills
- power grinders
- gin poles
- hydraulic or mechanical jacks
- shear legs
- power operated tools
- workplace processes and procedures
- workplace safety:
 - job safety and environmental analysis (JSEA)
 - exposure to silica
 - exposure to excessive noise
 - hazardous manual tasks
 - hazardous substances
- features of working drawings and specifications
- digital technology and use of devices to source information and communicate with others
- environmental requirements for workplace processes and waste disposal
- relevant cemetery monument standards, codes and regulations.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

This unit must be assessed in the workplace or a close simulation reflecting workplace conditions and standards, materials, equipment, activities, responsibilities, procedures, safety requirements and environmental considerations.
