Assessment Requirements for CPCCT3015 Apply gilding to stone

Release: 2

Assessment Requirements for CPCCST3015 Apply gilding to stone

Modification History

- Release 2 Updated reference to general construction induction training program.
- Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.
- Supersedes and is equivalent to CPCCST3015A Apply gilding to stone.
Updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency in this unit, a candidate must meet the performance criteria of this unit by applying gilding to stone.

In doing this, the candidate must:

- provide appropriate protection to surrounding areas of stone
- apply gilding to two detailed insignias, minimum size of 150 mm x 150 mm
- apply gilding to two emblems, minimum size of 150 mm x 150 mm
- apply gilding to five letters, minimum size of 60 mm
- use a minimum of two of the following products:
 - aluminium
 - gold
 - silver.

Knowledge Evidence

To be competent in this unit, a person must demonstrate knowledge of:

- characteristics, applications and limitations of specified gilding materials:
 - gold
 - silver
 - aluminium
 - Dutch metal
 - copper
 - variegated leaf
 - water-based size
- finishing techniques for gilding and gilding surfaces
- methods of applying gilding

- types of natural and manufactured stone
- processes and techniques for gilding using various products
- functional and operational features of equipment and tools
 - battery operated tools
- workplace procedures and workplace safety:
 - exposure to silica
 - job safety and environmental analysis (JSEA)
 - hazardous manual tasks
 - hazardous substances
 - exposure to excessive noise
- drawing conventions and construction terminology used in plans and specifications
- environmental requirements for workplace processes and waste disposal
- digital technology to source information and communicate with others.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

This unit must be assessed in the workplace or a close simulation reflecting workplace conditions and standards, materials, equipment, activities, responsibilities, procedures, safety requirements and environmental considerations.
