Assessment Requirements for CPCPCM2046 Use plumbing hand and power tools

Release: 1

Assessment Requirements for CPCPCM2046 Use plumbing hand and power tools

Modification History

- Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.
- Supersedes and is not equivalent to CPCPCM2046A Use plumbing hand and power tools. Updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency, a candidate must meet the performance criteria for this unit by:

- using four different hand tools safely on three separate projects and operating one different power tool on each project.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- types, function and purpose of hand and power tools used in plumbing applications
- how to access relevant information
- work health and safety (WHS) requirements relevant to use of plumbing hand and power tools.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

This unit must be assessed in the workplace or a close simulation using realistic workplace conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.
