Assessment Requirements for CPCSPS4007 Commission ancillary swimming pool and spa systems and hand over to client

Release: 1

Assessment Requirements for CPCSPS4007 Commission ancillary swimming pool and spa systems and hand over to client

Modification History

Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.
New unit.

Performance Evidence

To demonstrate competency, a candidate must meet the performance criteria of this unit by:

- commissioning ancillary and control systems for one of the following:
 - one swimming pool
 - one spa
 - one swimming pool and spa
- carrying out handover to client.

The commissioning must include a:

- circulation system
- dosing system
- filtration system
- cleaning system.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- regulations, codes and standards relevant to swimming pools and spas
- pool fencing requirements
- pool cover requirements
- operational and functional features of ancillary pool systems
 - heating
 - filtration
 - lighting
 - cleaning
- features of contracts
- contractual requirements for pool builder and client.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or in a simulated workplace environment.

Candidates must have access to:

- regulations, standards and codes relevant to swimming pools and spas
- relevant sections of the NCC
- project plans, specifications and manufacturer instructions
- workplace policies and procedures relevant to project handover
- workplace safety and environmental requirements.
