CPCSS00004 Provide building surveying services for residential buildings up to three storeys

Release 1

CPCSS00004 Provide building surveying services for residential buildings up to three storeys

Modification History

Release 1.

This version first released with CPC Construction, Plumbing and Services Training Package Version 1.

Description

This skill set covers the competencies required by building surveyors or certifiers who apply knowledge of compliance requirements and construction methods and materials to the implementation of statutory building surveying requirements or to the provision of advisory building surveying services.

It applies to services provided for Class 1 and 10 buildings and structures as defined in the Building Code of Australia (BCA), up to three storeys and not more than 2000 square metres in floor area.

Pathways Information

The completion of this skill set provides a pathway to the Advanced Diploma of Building Surveying and a range of other CPC qualifications.

Licensing/Regulatory Information

At the time of endorsement, licensing, legislative, regulatory, certification or accreditation requirements apply to this skill set. For further details, check with the relevant licensing body in each jurisdiction.

Skill Set Requirements

CPCCBS6001	Research and evaluate construction methods and materials for residential buildings to three storeys
CPCCBS6004	Assess and advise on compliance of design documentation for residential buildings to three storeys
CPCCBS6006	Process planning applications for residential buildings up to three storeys
CPCCBS6008	Process building applications for residential buildings up to three storeys
CPCCBS6010	Conduct and report on building surveying audits of residential buildings up to three storeys
CPCCBS6012	Conduct and report on initial construction inspections of residential buildings up to three storeys
CPCCBS6014	Conduct and report on advanced and final inspections of residential buildings up to three storeys

Target Group

This skill set is for people currently working as, or intending to work as, private or municipal building surveyors specifically on Class 1 and Class 10 buildings and structures as defined in the BCA.

Suggested words for Statement of Attainment

These units from CPC Construction, Plumbing and Services Training Package meet industry requirements for building surveyors to undertake building surveying services for Class 1 and 10 buildings as defined in the BCA.
