CPC32111 Certificate III in Signage

Release 2

CPC32111 Certificate III in Signage

Modification History

Revised qualification deemed equivalent to CPC32111

Elective units revised resulting in a number of unit identifier changes

Elective imported unit replaced with updated version

New elective units added:

- CPCCSI3015A
- CPCCSI3016A

Description

This qualification provides a trade outcome in signage.

Occupational titles may include:

- Signwriter
- Sign manufacturer.

The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as a specialist field of work.

The construction industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment and this qualification requires all units of competency to be delivered in this context.

Completion of the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of unit CPCCOHS1001A covers this requirement.
