CPP30226 Certificate III in Surveying and Spatial Information Services

CPP30226 Certificate III in Surveying and Spatial Information Services

Modification History

Release	Comments
1	This qualification was first released in CPP Property Services Training Package Release 18.0.

Qualification Description

This qualification reflects the role of surveying or spatial information services assistants who work under supervision to support a surveying or spatial information services team. They perform a range of duties from collecting basic spatial data and providing field support services, to simple drafting and map production.

Surveying and spatial information skills are applied in a range of industry contexts, including town planning, civil construction, mining, engineering, health, agriculture and defence.

Cadastral surveying must be undertaken under the supervision of a registered surveyor. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

This qualification is suitable for an Australian traineeship pathway.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

This qualification has no entry requirements.

Packaging Rules

To achieve this qualification, competency must be demonstrated in 11 units of competency consisting of:

- 6 core units
- 5 elective units.

Electives are to be selected as follows:

- 5 units from the electives listed below

or

- up to 2 of the 5 elective units may be selected from any current training package qualification or accredited course, provided they contribute to a valid, industry-supported vocational outcome, maintain the integrity of the Australian Qualifications Framework (AQF) level of this qualification and do not duplicate the outcome of another unit used to achieve this qualification.

Core units	
CPCWHS1001	Prepare to work safely in the construction industry
CPPSSI3011	Produce basic maps
CPPSSI3015	Collect basic surveying data
CPPSSI3019	Produce basic plans of surveys
CPPSSI3020	Perform simple surveying and spatial computations
ICTICT214	Operate application software packages
Elective units	
AHCECR307	Read and interpret maps
BSBTEC302	Design and produce spreadsheets
BSBWHS211	Contribute to the health and safety of self and others
CPPSSI3016	Provide field support services for surveying and spatial projects
CPPSSI3021	Visually interpret image data
CPPSSI4022	Store and retrieve spatial data
CPPSSI4030	Operate surveying equipment
CPPSSI4039	Design and produce maps
HLTAID011	Provide first aid
MEM30012	Apply mathematical techniques in a manufacturing engineering or related environment

Pre-requisite Requirements

There are no prerequisite requirements for this qualification.
