CPP40521 Certificate IV in Strata Community Management

Release 1

CPP40521 Certificate IV in Strata Community Management

Modification History

New qualification.

Qualification Description

This is a qualification for strata community managers who work independently using specialised knowledge to provide management services for strata communities. Strata community managers perform all functions associated with the administration of strata communities, including facilitating meetings of strata community members, administering insurance for strata communities, handling strata community funds and maintaining business records, and reporting on the financial activities of strata communities.

Occupational titles include:

- body corporate manager
- owners' corporation manager
- strata community manager
- strata manager
- strata managing agent.

Licensing, legislative, regulatory or certification requirements apply to strata community management in some states and territories. For further information, check with the relevant regulatory authority.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 18 units of competency:
 - 14 core units
 - 4 elective units.

For the elective units:

- a minimum of 2 units must be selected from Group A
- the remaining 2 elective units may be selected from Group A and/or Group B or from any currently endorsed Training Package or accredited course where the unit is packaged in a Certificate IV or Diploma level qualification.
