Assessment Requirements for CPPACC4007 Conduct streetscape access audits

Release: 1

Assessment Requirements for CPPACC4007 Conduct streetscape access audits

Modification History

Release 1 This unit first released with CPP Property Services Training Package Release 14.0.

Supersedes and is equivalent to CPPACC4007A Conduct a streetscape access audit. Minor change to unit title.

Unit updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency, a candidate must meet the elements and performance criteria of this unit by conducting two different streetscape access audits.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- Commonwealth, state and territory legislation, regulations and standards relevant to streetscape access audits:
 - anti-discrimination and disability discrimination
 - Disability Standards for Accessible Public Transport 2002 under the Disability Discrimination Act 1992 (or their successors) – known as the Transport Standards
 - principles of universal design
 - privacy and confidentiality
- interpersonal communication strategies used to effectively relate to people from a range of social, cultural and ethnic backgrounds and with a range of physical and cognitive abilities
- methods for assessing streetscape access for people with disability:
 - accessibility features for people with disability to ensure continuous accessible paths of travel
 - minimum requirements of streetscape spaces including pedestrian footpaths required to be accessible
 - purpose and types of wayfinding aids
 - requirements for designated accessible parking
 - measurements and calculations used to determine provisions for access
- negotiation techniques
- purpose and content of streetscape access audit checklists
- strategies that can be used to address areas of access non-compliance associated with streetscapes

- types of disability and limitations that each disability places on an individual's ability to access the environment
- workplace requirements for conducting streetscape access audits:
 - documentation and records administration
 - format and content of:
 - client contractual arrangements
 - streetscape access audit reports
 - quality
 - site access arrangements
 - work health and safety (WHS) including personal protective equipment (PPE)
 - work role boundaries – responsibilities, limitations and professional abilities.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or a simulated workplace using realistic conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.

Candidates must have access to documentation, tools and equipment, streetscapes and technologies required to achieve the performance criteria and performance evidence.
