Assessment Requirements for CPPACC4020 Provide access advice on building renovations

Release: 1

Assessment Requirements for CPPACC4020 Provide access advice on building renovations

Modification History

Release 1 This unit first released with CPP Property Services Training Package Release 14.0.

Supersedes and is equivalent to CPPACC4020A Provide access advice on building renovations.

Unit updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency, a candidate must meet the elements and performance criteria of this unit by providing access advice on building renovations for two different Classes of buildings as defined by the National Construction Code (NCC).

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- Commonwealth, state and territory legislation, regulations, codes and standards relevant to access consulting activities:
 - anti-discrimination and disability discrimination
 - building control including local government regulations and by-laws
 - Disability (Access to Premises – Buildings) Standards 2010 under the Disability Discrimination Act 1992 (or their successors) – known as the Access to Premises Standards
 - NCC building classifications and access requirements
 - National Disability Insurance Scheme (NDIS) Specialist Disability Accommodation Design Standard (or its successor)
 - Livable Housing Australia Livable Housing Design Guidelines (or its successor)
 - principles of universal design
 - privacy and confidentiality
- methods for determining building modifications to achieve compliant access for people with disability:
 - measurements and calculations used to determine provisions for access
 - minimum requirements of building spaces and elements
 - types of pre-existing conditions that prevent modification to full compliance
- processes for interpreting drawings and associated documentation when providing access advice on building renovations

- types of disability and limitations that each disability places on an individual's ability to access the environment
- workplace requirements for providing access advice on building renovations:
 - documentation and records administration
 - format and content of building renovations access reports
 - quality
 - work role boundaries - responsibilities, limitations and professional abilities.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or a simulated workplace using realistic conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.

Candidates must have access to documentation, information and technologies required to achieve the performance criteria and performance evidence.
