# **Assessment Requirements for CPPACC5017 Provide expert access advice on building renovations**

**Release: 1**

# **Assessment Requirements for CPPACC5017 Provide expert access advice on building renovations**

## **Modification History**

Release 1    This unit first released with CPP Property Services Training Package Release 14.0.

Supersedes and is equivalent to CPPACC5017A Provide expert access advice on building renovations.

Unit updated to meet the Standards for Training Packages 2012.

## **Performance Evidence**

To demonstrate competency, a candidate must meet the elements and performance criteria of this unit by providing expert access advice on building renovations to meet the needs of two different clients.

## **Knowledge Evidence**

To be competent in this unit, a candidate must demonstrate knowledge of:

- anthropometric and ergonomic principles of accessible building design and fitout
- behaviour of structural members undergoing stress, strain, compression or bending
- Commonwealth, state and territory legislation, regulations, codes and standards relevant to access consulting activities:
  - anti-discrimination and disability discrimination
  - building control including local government regulations and by-laws
  - Disability (Access to Premises – Buildings) Standards 2010 under the Disability Discrimination Act 1992 (or their successors) – known as the Access to Premises Standards
  - National Construction Code (NCC) building classifications and access requirements
  - National Disability Insurance Scheme (NDIS) Specialist Disability Accommodation Design Standard (or its successor)
  - Livable Housing Australia Livable Housing Design Guidelines (or its successor)
  - principles of universal design
  - privacy and confidentiality
- environmental issues impacting on material selection relevant to advice being provided
- functional systems of the human body
- interpersonal communication strategies used to effectively relate to people from a range of social, cultural and ethnic backgrounds and with a range of physical and cognitive abilities

- processes for interpreting reports, working drawings and specifications when providing access advice on building renovations
- role, responsibilities and powers of building certifiers
- types of disability and limitations that each disability places on an individual's ability to access the environment
- workplace requirements for providing expert access advice on building renovations:
  - documentation and records administration
  - quality
  - work role boundaries - responsibilities, limitations and professional abilities.

## **Assessment Conditions**

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or a simulated workplace using realistic conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.

Candidates must have access to documentation, information and technologies required to achieve the performance criteria and performance evidence.
