Assessment Requirements for CPPACC6001 Participate as an access expert on an Access Panel

Release: 1

Assessment Requirements for CPPACC6001 Participate as an access expert on an Access Panel

Modification History

Release 1 This unit first released with CPP Property Services Training Package Release 14.0.

Supersedes and is equivalent to CPPACC6001A Participate as an access expert on an Access Panel.

Unit updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency, a candidate must meet the elements and performance criteria of this unit by participating as an access expert on an Access Panel for two different cases.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- Access Panels:
 - jurisdiction, structures, procedures and protocols
 - role and responsibilities of Access Panel and its members, including legal personnel
 - requirements for presenting evidence to Access Panels
 - types of issues and allowable evidence raised in Access Panels
- anthropometric and ergonomic principles of accessible building design and fitout
- Commonwealth, state and territory legislation, regulations, codes and standards relevant to participation as an access expert on Access Panels:
 - anti-discrimination and disability discrimination
 - building control including local government regulations and by-laws
 - heritage
 - National Construction Code (NCC) building classifications and access requirements
 - National Disability Insurance Scheme (NDIS) Specialist Disability Accommodation Design Standard (or its successor)
 - Livable Housing Australia Livable Housing Design Guidelines (or its successor)
 - principles of universal design
 - privacy and confidentiality
 - Process to Administer Access to Buildings (The Protocol) (or its successor) for the purpose of considering building upgrade plans
- difference between common law, judicial precedents and legislation

- functional systems of the human body
- industry codes of practice and ethics
- interpersonal communication strategies used to effectively relate to people from a range of social, cultural and ethnic backgrounds and with a range of physical and cognitive abilities
- principles and techniques associated with:
 - group dynamics and processes
 - leadership
 - communication and negotiation
 - planning
 - decision making
- recognised research methods and protocols and methods for referencing information sources
- role, responsibilities and powers of building certifiers
- types of disability and limitations that each disability places on an individual's ability to access the environment
- workplace requirements for participating as an access expert on an Access Panel:
 - documentation and records administration
 - format and content of documented arguments and evidence for Access Panel consideration
 - quality
 - technologies and methods used to source, access and store information
 - work role boundaries – responsibilities, limitations and professional abilities.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or a simulated workplace using realistic conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.

Candidates must have access to documentation, information and technologies required to achieve the performance criteria and performance evidence.
