## CPPCCL2008 Clean carpeted floors

### Modification History

| Release   | Comment                                                                              |
|-----------|--------------------------------------------------------------------------------------|
| Release 1 | This version first released with CPP Property Services Training Package Version 5.0. |

### Application

This unit specifies the outcomes to clean carpeted floors in a range of workplace contexts.

The unit applies to cleaning personnel who perform cleaning tasks on carpeted floors. It includes the ability to assess the cleaning task, understand client requirements and follow workplace safety procedures.

It applies to individuals who perform their duties alone or in a team environment, under routine supervision and without supervisory responsibilities.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

### Pre-requisite Unit

Nil

### Competency Field

### Unit Sector

Cleaning Operations

### Elements and Performance Criteria

| ELEMENT                                  |                            | PERFORMANCE CRITERIA                                                                            |                                                                                   |
|------------------------------------------|----------------------------|-------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| Elements describe the essential outcomes |                            | Performance criteria describe the performance needed to demonstrate achievement of the element. |                                                                                   |
| 1.                                       | Identify job requirements. | 1.1                                                                                             | Review work order and work area to identify carpeted floor cleaning requirements. |
|                                          |                            | 1.2                                                                                             | Identify carpeted floor surface and soil type on surface.                         |

|    |                         |     |                                                                                                 |
|----|-------------------------|-----|-------------------------------------------------------------------------------------------------|
|    |                         | 1.3 | Identify equipment and chemicals required.                                                      |
|    |                         | 1.4 | Assess workplace hazards and work restrictions affecting completion of work order.              |
|    |                         | 1.5 | Communicate and clarify issues with supervisor, team member or client.                          |
|    |                         | 1.6 | Refer to Safety Data Sheets (SDS) and follow safe work methods.                                 |
|    |                         | 1.7 | Position safety signage and barriers to control hazards.                                        |
| 2. | Clean carpet            | 2.1 | Select, check, and use personal protective equipment (PPE).                                     |
|    |                         | 2.2 | Safely move, cover, or protect furniture and fittings that impede cleaning operation.           |
|    |                         | 2.3 | Select cleaning technique.                                                                      |
|    |                         | 2.4 | Select carpeted floor cleaning equipment and check for correct operation and safe use.          |
|    |                         | 2.5 | Calculate and prepare chemicals following manufacturers' instructions and job requirements.     |
|    |                         | 2.6 | Patch test carpeted floor for colour fastness.                                                  |
|    |                         | 2.7 | Clean carpeted floor surface in accordance with workplace procedures and hygiene standards.     |
| 3. | Tidy work site.         | 3.1 | Tidy work area and dispose of collected soil and waste in accordance with workplace procedures. |
|    |                         | 3.2 | Remove protective covers from furniture and fittings.                                           |
|    |                         | 3.3 | Safely replace furniture and fittings.                                                          |
| 4. | Complete cleaning task. | 4.1 | Safely clean equipment and PPE, as required by workplace standards.                             |
|    |                         | 4.2 | Check equipment for damage and wear before storing.                                             |
|    |                         | 4.3 | Safely store equipment, chemicals, and PPE to allow ready-to-use access.                        |
|    |                         | 4.4 | Report malfunctions, faults, wear or damage to cleaning equipment and environs to supervisor.   |
|    |                         | 4.5 | Complete workplace cleaning schedule.                                                           |

## Foundation Skills

This section describes language, literacy, numeracy and employment skills that are essential to the performance in this unit, but not explicit in the performance criteria.

| Skill                         | Performance Feature                                                                                                                                                                                                     |
