Release: 1

CPPDSM4083 Terminate strata community

Modification History

Release 1.

New unit of competency.

This version first released with CPP Property Services Training Package Version 5.

Application

This unit of competency specifies the outcomes required to terminate a strata community. It includes confirming instructions from the strata community to terminate the community, making application for termination of the strata community, and terminating the strata community.

The unit supports the work of those involved in managing strata communities who have responsibility for acting on instructions from lot owners to terminate the community. It applies to strata managers.

Licensing, legislative, regulatory or certification requirements apply to this unit in some States and Territories. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.
