CPPDSM5040 Meet ethical and professional standards in managing strata communities

Release: 1

CPPDSM5040 Meet ethical and professional standards in managing strata communities

Modification History

Release 1.

New unit of competency.

This version first released with CPP Property Services Training Package Version 5.

Application

This unit of competency specifies the outcomes required to ensure that strata managers apply current and relevant professional, ethical and conduct standards in interacting with lot owners, occupiers, owners committees, and industry stakeholders in the general management of strata communities. The unit requires knowledge of professional codes of ethics and their application to practice. It requires the ability to consider a range of ethical issues and to reflect on and continuously develop professional practice.

The unit supports the work of those involved in managing strata communities. It applies to strata managers.

Licensing, legislative, regulatory or certification requirements apply to this unit in some States and Territories. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

Pre-requisite Unit

Nil

Competency Field

Strata community management

Unit Sector

Property services

Elements and Performance Criteria

Elements describe the essential outcomes.

Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold italicised text is used, further information is detailed in the range of conditions.
