Assessment Requirements for CPPREP4162 Conduct and complete sale by auction

Release: 1

Assessment Requirements for CPPREP4162 Conduct and complete sale by auction

Modification History

Release 1 This version first released with CPP Property Services Training Package Release 8.0.

Supersedes but is not equivalent to CPPDSM4004A Conduct auction and CPPDSM4019A Prepare for auction and complete sale.

Merged to reduce duplication. Updated to the Standards for Training Packages.

Performance Evidence

To demonstrate competency in this unit, a person must:

- call at least one auction to conclusion where the property is sold
- call at least one auction to conclusion where the property is passed in
- review auction performance and identify and document personal strengths and opportunities for improvement.

In doing this, the person must meet the performance criteria for this unit.

Knowledge Evidence

To be competent in this unit, a person must demonstrate knowledge of:

- auctioneer role, responsibilities and risks
- reserve price
- auction documentation
- auction aids and equipment
- preparation of auction area, including access, identification of hazards, assessment of risks and implementation of risk controls
- auction rules and prescribed auction information in state or territory of operation
- auction process:
 - stating rules and conditions of auction according to state or territory legislation
 - managing the bidding process:
 - using appropriate bidding increments
 - maintaining bidding momentum
 - dealing with disruptive bidders
 - vendor and co-owner bids
 - collusive bidding practices
 - disputed bidding

- bidding advances
- retracting bids
- restarting the bidding
- confirming or renegotiating reserve with seller as appropriate
- describing property benefits
- identifying key features of property and contract terms
- knocking down or passing in property as appropriate
- using vendor bidding as appropriate according to legislative requirements
- capacity of bidders, including impairment
- legislation related to sale of property by auction in the state or territory of operation
- penalties for breach of auction legislation
- property information:
 - general and local market indicators and conditions
 - land characteristics
 - council zoning and allowable use
 - land titles and defects to title
 - specific environmental issues or features
 - specific requirements relating to the type of property
- risks to the general public, clients, agency and self from auction activities
- ethical practice in auctioneering:
 - communication
 - neutrality in the auction process
 - ethical management of the bidding process

communication strategies for responding to client complaints.

Assessment Conditions

Assessors must satisfy the requirements for assessors listed in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or in a simulated workplace environment.

Assessors are responsible for ensuring that the person demonstrating competency has access to:

- auction scenarios, auction advice, auction plan
- bidders for property
- industry and agency ethical codes of conduct
- agency procedures, forms and documents
- legislation relating to sale of property by auction in the state or territory of operation.
