CPPSS00046 Manage non-timber pests

Release 2

CPPSS00046 Manage non-timber pests

Modification History

Release 2 This version first released with CPP Property Services Training Package Release 9.0.

CPP units updated to latest releases.

Release 1 This version first released with CPP Property Services Training Package Version 2.0.

This skill set replaces equivalent CPPSS00023 Manage Non-Timber Pests Skill Set, now deleted from CPP07 Property Services Training Package Version 14.1.

Description

This skill set provides pest management technicians with the competencies required to inspect premises for non-timber pests, excluding complex or high risk operations such as hospitals. It also covers developing pest management plans, and with the agreement of the client, implementing pest management methods including application of pesticides or modification of the environment. It also covers maintaining pest management equipment and chemical storage areas.

Pathways Information

Completion of these units provides credit towards CPP30119 Certificate III in Urban Pest Management.

Licensing/Regulatory Information

Licensing, legislative, regulatory or certification requirements apply to pest management in some States. Relevant state and territory regulatory authorities should be consulted to confirm those requirements

The skill set is applicable in some States but does not meet the full licensing requirements of all States and Territories.

Skill Set Requirements

CPPUPM3005	Manage pests without applying pesticides
CPPUPM3006	Manage pests by applying pesticides
CPPUPM3018	Maintain equipment and pesticide storage area in pest management

vehicles

Target Group

This skill set is for people who provide an urban pest management service managing non-timber pests.

Suggested words for Statement of Attainment
