Assessment Requirements for CPPSSI2015

Assist with surveying and spatial field activities

Release: 1

Assessment Requirements for CPPSSI2015 Assist with surveying and spatial field activities

Modification History

Release 1 This version first released with CPP Property Services Training Package Release 12.0.

Supersedes and is equivalent to CPPSIS2015 Assist with surveying and spatial field activities.

Performance Evidence

To demonstrate competency a candidate must meet the elements and performance criteria of this unit by following organisational procedures and instructions to assist with field support activities in two different surveying and spatial projects.

For each project, a total station and one item from the following list must be used:

- compass
- data recording equipment
- digital or hard copy map
- distance measuring wheel
- level
- measuring instruments
- scientific calculator
- hand-held laser measuring device
- communications device.

Knowledge Evidence

To be competent in this unit a candidate must demonstrate knowledge of:

- industry-accepted standards and practices for marking surface positions and measuring and recording basic spatial data
- organisational procedures and requirements covering work tasks relating to field projects, including reporting and equipment use and maintenance
- storage procedures for the tools and equipment required in field activities
- site restoration and waste disposal procedures
- work health and safety (WHS) procedures relating to field support activities, including required personal protective equipment (PPE).

Assessment Conditions

Assessors must satisfy the requirements for assessors contained in the Standards for Registered Training Organisations.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting where these skills and knowledge would be performed.

Candidates must have access to:

- equipment
- equipment operating manuals and manufacturer instructions
- organisational procedures and documentation relating to field activities
- supervisor and other appropriate persons for assistance with work tasks.
