**Release: 1**

# Assessment Requirements for CPPWMT3011 Conduct waste assessments

## Modification History

Release 1 This version first released with CPP Property Services Training Package Release 10.0.

Supersedes and is equivalent to CPPWMT3059A Plan and conduct waste assessments.

## Performance Evidence

To demonstrate competency, a candidate must meet the performance criteria of this unit by conducting waste assessments on two separate occasions.

## Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- legislative and procedural requirements applicable to conducting waste assessments:
  - commonwealth, state and territory legislation and regulations in the state or territory of operation, including work health and safety (WHS)
  - local government by-laws
  - privacy
- general impact of waste on the environment
- physical properties of waste:
  - density
  - quality
  - shape
  - size
  - volume
  - weight
- typical hazards encountered when assessing waste
- waste assessment processes
- waste hierarchy and opportunities for waste minimisation and resource recovery
- waste types
- workplace policies and procedures for conducting waste assessments:
  - documentation and reporting
  - WHS:
    - hazard identification, risk assessment and control using the hierarchy of control

- injury, dangerous occurrence and incident response and reporting
- personal protective equipment.

## Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or in a simulated workplace environment using realistic workplace conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.

Candidates must have access to workplace policies and procedures, job schedules and documentation and waste required to achieve the performance evidence.
