Assessment Requirements for CSCDOG003

Prepare stimulus aids for use with dogs

Release: 1

Assessment Requirements for CSCDOG003 Prepare stimulus aids for use with dogs

Modification History

Release	Comments
1	These Assessment Requirements were released in CSC Correctional Services Training Package release 1.0 and meet the Standards for Training Packages.

Please refer to the advice in the CSC Assessment Guide.

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- collecting and organising information about materials used to prepare stimulus aids to produce reports
- preventing cross-contamination of stimulus aids
- cleaning re-usable materials and preparation areas sufficiently to prevent cross-contamination
- completing accurate records of materials used to prepare stimulus aids

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- organisation's policies and procedures related to:
 - use of dogs within the organisation
 - security of unauthorised and illegal materials
- chain of evidence and security of evidence
- dog-training methodologies and practices related to odour detection
- work rosters and schedules of the work unit
- capabilities of the dogs working within the organisation
- reports required by the organisation in relation to odour detection dog training
- work environment in which dogs could be deployed and emergencies that could arise within those environments to inform selection of odours

Assessment Conditions

Evidence for assessment must be gathered over time in a range of contexts to ensure the person can achieve the unit outcome and apply the competency in different situations or environments.

Valid assessment of this unit requires a workplace environment or one that closely resembles normal work practice and replicates the range of conditions likely to be encountered when preparing stimulus aids, including coping with difficulties, irregularities and changes to routine. This unit contains knowledge that may be assessed off the job, for example, in a structured learning process.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
