CSCDOG011 Manage dogs for security purposes

Release: 1

CSCDOG011 Manage dogs for security purposes

Modification History

Release 1. This is the first release of this unit of competency in the CSC Correctional Services Training Package Release 3.0

Application

This unit involves the skills and knowledge required to manage dogs for security purposes such as:

- detecting prohibited and illegal items
- protecting property or people
- tracking, searching and finding people
- preventing escapes
- preventing crime
- patrolling areas
- border protection
- providing a presence

It includes the skills required to prepare dogs for deployment, manage dogs at the scene of the operation and participate in post operational activities.

This unit applies to working in a custodial environment deploying dogs for security purposes. Those undertaking this unit would usually work autonomously using support from mostly familiar resources. The role requires complex task organisation and analytical skills to deploy and manage dogs for security purposes.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies, procedures and guidelines must be consulted and adhered to.

Statutory/legislative requirements apply to this unit and may vary across states and territories. Users are required to check with the relevant jurisdiction for current requirements.

Pre-requisite Unit

Not applicable.

Competency Field

Dog handling

Unit Sector

Not applicable.

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes.

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

1 Prepare for deployment of dogs

1.1 Assess the operational environment where the dog will be deployed and prepare for contingencies

1.2 Consult information on security situation and assignment details, and prepare dog for deployment

1.3 Transport the dog to the security situation according to the requirements of the assignment and animal welfare requirements

2 Manage dogs at the scene of operation

2.1 Locate and deploy the dog according to its capabilities and the specifications of the assignment

2.2 Deploy the dog in a manner that results in minimal risk of injury to other persons, the dog, handler and property

2.3 Read and interpret the body language of the dog and take appropriate action

2.4 Assess and treat injuries to the dog at the scene of operation

3 Participate in post-operational activities

3.1 Manage detected items in accordance with organisational policy, procedures and guidelines

3.2 Take part in debriefing sessions to evaluate operation's activities

3.3 Review the ways in which the dog worked and identify future training/practice sessions and methods of deployment in similar situations

3.4 Complete accurate and comprehensive dog records and reports, and lodge in a timely manner

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

Non-essential conditions may be found in the Companion Volume Implementation Guide.

Unit Mapping Information

This unit replaces and is equivalent to CSCDOG001 Manage dogs for security purposes.

Assessment Requirements for CSCDOG011 Manage dogs for security purposes

Modification History

Release 1. This is the first release of this unit of competency in the CSC Correctional Services Training Package Release 3.0

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least five occasions and include:

- deploying dogs in a variety of operational environments in accordance with relevant legislation and organisational instructions, policy, procedures and guidelines that includes:
 - applying dog-handling theory and deployment practices
 - applying basic first aid techniques to dogs
 - communicating effectively to achieve operational outcomes
 - planning and organising training activities to prepare for the deployment of dogs in security situations
 - demonstrating operational readiness for the deployment of dogs in security situations
 - responding appropriately to unauthorised and illegal materials in ways that preserve evidence
 - transporting dogs safely
 - collecting, analysing and organising information to produce records and reports.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- relevant legislation and organisational policies, procedures and guidelines related to working with dogs including:
 - role of corrective services dogs within the organisation
 - animal health and welfare requirements and regulations affecting working dogs
 - humane and positive training methods that reinforce natural behaviour and maintain the working skills and enthusiasm of dogs
 - records and reports required by legislative authorities, the organisation, work unit and animal welfare authorities
- organisational policies and procedures related to unauthorised and illegal materials and evidence handling
- dog-training methodologies and practices relevant to the dogs' use in the organisation including:

- methods of transporting dogs safely and without stress
- capabilities and limitations of dogs working within the organisation
- work environment in which dogs could be deployed and emergencies that could arise within those environments
- responses that dogs should give to voice commands and hand signals
- emergency response and evacuation procedures to maintain security
- duty of care to all involved
- limits of own authority
- Workplace/Occupational Health and Safety (WHS/OHS) relevant to the job task
- approved communication terminology, call signs and radio channels used by emergency personnel
- how to apply the hierarchy of control and use of force to control hazards and minimise risk
- location of emergency equipment in the workplace
- procedures for communicating and collaborating with responding officers and other services
- process of dynamic risk assessment and how it is applied.

Assessment Conditions

Assessment of skills must occur in a custodial environment.

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- real dogs
- a range of relevant exercises
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and personal protective equipment (PPE) currently used in industry.
