Assessment Requirements for CSCOFM008 Supervise offenders

Release: 2

Assessment Requirements for CSCOFM008 Supervise offenders

Modification History

Release 2. Modifications have been made to:

- Assessment Conditions

Release 1. These Assessment Requirements were released in CSC Correctional Services Training Package release 1.0 and meets the Standards for Training Packages.

- Assessment Requirements revised
- Please refer to the advice in the CSC Assessment Guide.

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least two occasions.

- adapting communication techniques in recognition of special needs
- seeking advice from specialists
- prioritising actions in response to risk

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- organisation's policies and procedures related to supervision of offenders
- code of conduct
- duty of care
- range of services and programs provided by the justice system and the organisation
- communication techniques
- support advisors, specialists and agencies
- dynamic security techniques

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations. Where this is not appropriate, assessment must occur in simulated workplace operational situations that reflect workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- acceptable means of simulation assessment
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
