Assessment Requirements for CSCOFM046 Supervise offenders outside of a correctional facility

Release: 1

Assessment Requirements for CSCOFM046 Supervise offenders outside of a correctional facility

Modification History

Release 1. This is the first release of this unit of competency in the Correctional Services Training Package Release 5.0

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least two occasions and include:

- using effective and appropriate communication and interaction with offenders and external stakeholders
- taking action to protect the welfare and security of offenders and the public
- maintaining custody, supervision, and security of offenders
- completing relevant reports and documentation including a risk assessment
- managing equipment and resources including PPE
- complying with health, safety, and security procedures.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- organisational policies and procedures related to interaction with offenders and community work programs
- communication strategies and techniques to support offender interactions with members of the public and community groups
- human rights principles
- resource management
- work health and safety regulations
- reporting and documenting requirements.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations. Where this is not appropriate,

assessment must occur in simulated workplace operational situations that reflect workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- acceptable means of simulation assessment
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
