Assessment Requirements for CSCSAS002 Screen access to and exit from premises

Release: 1

Assessment Requirements for CSCSA002 Screen access to and exit from premises

Modification History

Release	Comments
1	These Assessment Requirements were released in CSC Correctional Services Training Package release 1.0 and meet the Standards for Training Packages.

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least two occasions.

- using equipment for the purpose and in the manner intended and authorised
- using search methods specified in operating procedures
- communicating orally with a diverse range of people
- identifying faults in security procedures and problems in equipment and practices
- using information systems to report items found and record incidents

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- organisation's policies and procedures related to screening access to and exit from premises
- requirements for incident records and reports
- requirements for emergency evacuation
- use of equipment and safety procedures
- risks and emergencies and the requirements for identifying and responding to them
- duty of care

Assessment Conditions

Evidence should be gathered over time and drawn from the range of routine and required work activities relevant to the performance criteria, the range statement and the organisational environment. Assessment of competence in this unit relies on demonstrated compliance with standard operating procedures and organisational policies.

Valid assessment of this unit requires a workplace environment or one that closely resembles normal work practice and replicates the range of conditions likely to be encountered when screening access to and exit from restricted premises, including coping with difficulties, irregularities and breakdowns in routine.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
