Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least two occasions.

- checking and confirming factors, options and potential problems in route preparation
- interpreting maps and route directions for a range of routinely required destinations
- changing plans to take into account new conditions and requirements
- using and maintaining vehicles and related equipment according to manufacturer instructions
- completing all records and reports required by the organisation

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- organisation's policies and procedures related to transport
- manufacturer instructions for use and maintenance of vehicles and related equipment
- navigational techniques

Assessment Conditions

Valid assessment of this unit requires a workplace environment or one that closely resembles normal work practice and replicates the range of conditions likely to be encountered by an individual responsible for navigating transport as part of a coordinated team including coping with difficulties, irregularities and changes to routine.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
