Release 1	This qualification first released with <i>CUA Live Performance and Entertainment Training Package Version 1.0</i> .

Qualification Description

This qualification reflects the role of individuals with the skills and knowledge to perform in a range of varied activities in the entertainment industry where there is a clearly defined range of contexts. Activities are of limited complexity with required actions clearly defined.

National Code of Practice for Induction for Construction Work

Sets and staging for some performances or events may fall within the definition of construction work. If so, people entering the construction site are required to complete the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (Australian Safety Compensation Council, May 2007).

Achievement of the unit 'CPCCOHS1001A Work safely in the construction industry' from the CPC08 Construction, Plumbing and Services Training Package fulfils this requirement.

Information on occupational licensing and its intersection with vocational education and training can be found in Licensing Line News at www.licensinglinenews.com.
