Assessment Requirements for CUABRT414 Coordinate outside broadcasts

Release: 1

Assessment Requirements for CUABRT414 Coordinate outside broadcasts

Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 5.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- coordinate outside broadcasts for at least two different production requirements.

In the course of the above, the candidate must:

- plan and monitor outside broadcasts (OB) that meet creative, technical and budgetary requirements
- OB equipment, including vehicles and kit
- install and test OB equipment at OB locations
- monitoring and adjusting broadcast signals
- communicate with required personnel during OB following organisational standards
- dismantle and store OB equipment correctly and return OB location to original condition
- report and document OB production issues
- improve OBs by working collaboratively with required personnel.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- features and functionality of equipment used in organisational specific OB equipment, facilities and systems
- common creative, technical and budgetary requirements of OB operations
- regulatory and industry standards governing OB systems
- equipment and processes used to test OB equipment
- communication and signal paths used in OB operations
- documentation styles and formats used in OB operations
- procedures to address typical problems that arise when coordinating OBs
- strategies to effectively collaborate with others
- organisational standards for responding to OB equipment failure

- work health and safety requirements relating to using equipment in OB facilities.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- broadcasting environment, with applicable equipment
- information about regulatory and industry standards
- interaction with others required to demonstrate the performance evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
