Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- create at least two costumes for at least one dance or physical theatre production using techniques and materials specific to the types of costume.

In the course of the above, the candidate must:

- follow safety procedures when using costume-making equipment and materials
- work collaboratively with others in planning, creating and altering designs.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- sources of information on dance and movement-wear
- quality, faults, selvedges, dye, lot and marking requirements
- range and features of different types of dance and movement-wear
- use and properties of different fabrics, materials and patterns used regularly to make dance and movement-wear
- one-way and two-way stretch techniques for working with stretch fabrics
- techniques for adapting standard clothing items for dance or physical activity.

Assessment Conditions

Skills in this unit must be demonstrated in a live production environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- costume specifications

- live productions requiring the creation of costumes
- materials
- production schedules.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards. Where personal safety is a limiting factor, assessment may occur in a simulated work environment typical of those in a working environment in this industry.
