Assessment Requirements for CUACOS412 Make costume accessories

Release: 1

Assessment Requirements for CUACOS412 Make costume accessories

Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- produce at least two different 2D and two different 3D products for use as costume accessories in one or more productions.

In the course of the above, the candidate must:

- interpret design sketches and other production documentation
- develop specifications for accessories
- research and use a range of construction techniques and fabrications to construct accessories
- apply work health and safety procedures and environmental requirements
- work collaboratively with others when planning, constructing and fitting accessories.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- properties of fabrications and techniques used to create 2D and 3D costume accessories
- sources for fabrications typically used in a performance context
- features of a range of 2D and 3D innovative and experimental pattern cutting techniques.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- design sketches and production documentation

- materials
- production schedules.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
