Assessment Requirements for CUACOS510 Realise costumes

Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 2.0.

Performance Evidence

Evidence of the ability to:

- discuss and determine costume requirements for a production
- develop and confirm a plan that includes costume break-downs and costume studio processes to be followed
- organise construction of costumes in a logical sequence
- manage the process of constructing or acquiring costumes according to plans and within available budgets
- participate in costume design processes and meetings, discussing progress with others
- review the costume realisation process and note improvements for future.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- describe specialist costume construction requirements for different performance genres
- explain principles and techniques of costume design, construction and alteration
- describe properties of different fabrics and costume components
- outline the purpose and timing of costume trials
- outline roles and responsibilities of personnel involved in the process of constructing and acquiring costumes for productions
- explain the communication, monitoring and reporting requirements at each stage of the costume realisation process
- identify typical problems that arise in context of realising costumes, and briefly describe solutions.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to:

- a costume studio
- materials, components and equipment.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
