Assessment Requirements for CUADES511 Implement design solutions

Release: 1

Assessment Requirements for CUADES511 Implement design solutions

Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- implement solutions according to at least two different designs.

In the course of the above, the candidate must:

- undertake critical analysis, testing and development of a prototype or aspect of a design solution to meet an identified need
- present prototype to required personnel using applicable best practice methods.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- elements and principles of design and their application in the applicable design context
- key features of the wider industry, with economic, social and historical context for the design solution
- design trends and technologies including other designs and the work of other design practitioners in the applicable design context
- sources of information that support the development of technical and other knowledge in the applicable design context
- technical expertise, resources, materials, tools, equipment, techniques and industry processes required for the area the design solutions are being implemented in.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- other people to discuss the collaborative nature of the design process
- resources required to test a design solution in a given industry context including materials, tools, equipment and expertise.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
