Assessment Requirements for CUADIG501 Coordinate the testing of interactive media products

Release: 1

Assessment Requirements for CUADIG501 Coordinate the testing of interactive media products

Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 2.0.

Performance Evidence

Evidence of the ability to:

- document and communicate testing criteria to relevant personnel
- develop a plan for testing products that considers project specifications, budget and time
- establish and use a records system to document results
- conduct testing including:
 - creating any materials required
 - coordinating personnel
 - using testing methods that meet creative, production and technical requirements
- analyse test results
- compile reports and summaries of testing according to enterprise requirements
- review and document testing processes and methods.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- outline typical criteria used for testing interactive media products
- describe typical production points for testing interactive media products
- explain testing methods that might be used for particular interactive media products and describe how these are implemented
- outline the type of information that should be kept in a records system
- outline typical challenges of coordinating testing of interactive media products and how to handle them.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to:

- interactive media products under development
- equipment used for testing.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
