Application

This unit describes the performance outcomes, skills and knowledge required to incorporate safe dance practice into the teaching of classical ballet pointe technique in dance studios or venues where flooring is appropriate for the safe teaching of dance.

At this level, dance teachers work without supervision. They are expected to apply initiative and judgement when planning lessons which could be based on a specific syllabus or teaching resources they may have helped to prepare. Alternatively, they may be devising and conducting classes which are not based on a particular syllabus.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
