Assessment Requirements for CUAIND401 Extend expertise in specialist creative fields

Release: 2

Assessment Requirements for CUAIND401 Extend expertise in specialist creative fields

Modification History

Release	Comments
Release 2	This version released with CUA Creative Arts and Culture Training Package version 2.0. Updated assessment conditions section. Updated modification history section to reflect changed name of training package.
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 1.0.

Performance Evidence

Evidence of the ability to:

- evaluate own skills and knowledge against planned strategies and career goals
- apply planned strategies to develop and enhance own skills and knowledge
- research trends in area of specialisation.

Note: If a specific volume or frequency is not stated, then evidence must be provided for each of the above points at least once.

Knowledge Evidence

To complete the unit requirements the individual must:

- describe commonly used research methodologies
- explain how the following apply to own area of specialisation:
 - copyright
 - intellectual property issues
 - work health and safety (WHS) requirements
- discuss implications for self or organisation of adopting emerging trends in own area of specialisation
- describe key aspects of theoretical and historical contexts relevant to area of specialisation.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to:

- an environment where:
 - conceptual ideas can be reviewed and evaluated with others
 - skills and knowledge can be developed
- appropriate technology and sources of information to research industry trends.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
