## CUAMLT301 Develop and apply aural perception skills

### Modification History

| Release   | Comments                                                                                     |
|-----------|----------------------------------------------------------------------------------------------|
| Release 1 | This version first released with CUA Creative Arts and Culture Training Package version 2.0. |

### Application

This unit describes the skills and knowledge required to aurally recognise simple structures and components of music.

It applies to individuals who are preparing to enter the music industry as musicians, songwriters, composers or arrangers, and who are developing basic musicianship skills which can be applied in a range of contexts.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

### Unit Sector

Performing arts – music literacy

### Elements and Performance Criteria

| ELEMENT                                               | PERFORMANCE CRITERIA                                                                                                                                                                                                                                                                                                                                |
|-------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Elements describe the essential outcomes.</i>      | <i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>                                                                                                                                                                                                                                              |
| 1. Identify areas for aural skill development         | 1.1 Plan development of aural perception skills in consultation with appropriate people<br>1.2 Investigate the uses of aural perception and recognition skills<br>1.3 Establish, for nominated music genres and styles, the rhythmic, melodic and harmonic music components and structures for recognition, in consultation with appropriate people |
| 2. Develop methods for the aural recognition of music | 2.1 Examine conventions of language and terminology connected to relevant music structures<br>2.2 Investigate ways of hearing music, as well as listening for and naming relevant music structures                                                                                                                                                  |

| ELEMENT                                          | PERFORMANCE CRITERIA                                                                                                                                                                                                                                                                                                                                     |
|--------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                  | 2.3 Investigate music writing conventions connected with aural skill development<br>2.4 Explore rhythmic, melodic and harmonic structures connected with aural skill development                                                                                                                                                                         |
| 3. Practise aural recognition of music           | 3.1 Identify aural recognition requirements through discussion with appropriate people<br>3.2 Practise and develop the aural recognition of music structures<br>3.3 Adhere to conventions of terminology and align recognition with notated music<br>3.4 Reproduce basic music structures by playing them on basic instruments, voice or body percussion |
| 4. Evaluate progress of aural skills development | 4.1 Seek feedback on skill development from appropriate people<br>4.2 Identify personal strengths and weaknesses as a means of improving own work<br>4.3 Evaluate overall effectiveness of learning methods in the development of aural perception skills                                                                                                |

## Foundation Skills

*This section describes language, literacy, numeracy and employment skills incorporated in the performance criteria that are required for competent performance.*

| Skill                | Performance Criteria        | Description                                                                                                                                                                                  |
|----------------------|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Learning             | 1.1, 4.2, 4.3               | <ul style="list-style-type: none"> <li>Plans and adjusts own learning techniques to develop relevant skills</li> <li>Uses self-evaluation as a strategy to improve own skills</li> </ul>     |
| Reading              | 1.2, 2.1-2.3, 3.3           | <ul style="list-style-type: none"> <li>Identifies and comprehends information from a range of sources about aural recognition</li> </ul>                                                     |
| Writing              | 1.1, 2.3, 3.3               | <ul style="list-style-type: none"> <li>Documents plans for personal use</li> </ul>                                                                                                           |
| Oral Communication   | 1.1-1.3, 2.2, 3.1, 3.2, 4.1 | <ul style="list-style-type: none"> <li>Uses clear and industry specific language to discuss different music structures</li> <li>Derives meaning from aural sources of information</li> </ul> |
| Interact with others | 1.1, 1.3, 3.1, 4.1          | <ul style="list-style-type: none"> <li>Collaborates with appropriate people to explore ideas, establish understating and seek feedback</li> </ul>                                            |

|                   |                                    |                                                                                                                                               |
|-------------------|------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Get the work done | 1.1-1.3, 2.1-2.4, 3.1-3.4, 4.1-4.3 | <ul style="list-style-type: none"><li>Plans, prioritises and implements a range of tasks required to achieve aural perception goals</li></ul> |
|-------------------|------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
