Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- complete fundamental paintings according to at least two different ideas.

In the course of the above, the candidate must:

- produce fundamental paintings where the materials and techniques support own ideas for work
- handle equipment, tools and materials safely and minimise waste
- document a basic plan to build own skills, outlining own selected skill development options.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- features of major styles of painting and the work of key practitioners applicable to individual area of interest
- elements and principles of design, the fundamental characteristics, primary interrelationships and use in fundamental paintings
- equipment and tools used to produce paintings, key physical features and uses, cleaning techniques and storage requirements
- general features and use of a basic range of materials and techniques used to produce fundamental paintings
- typical work space requirements for producing fundamental paintings including ways of organising space and equipment for efficient work operation
- procedures for working safely with painting materials, tools and equipment.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- equipment, tools and materials used to produce paintings
- relevant information sources.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
