- transfer and ingest audio and video content
- prepare vision and sound content segments for editing
- log single images, audio grabs and basic sequences according to organisational procedures
- edit content using basic functions of editing software, within clearly defined parameters
- take direction and respond to feedback from required personnel
- follow procedures for completing workplace documentation
- adhere to work health and safety (WHS) requirements
- meet work deadlines.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- basic vision and sound editing conventions and techniques
- roles of post-production personnel
- basic features of digital vision and sound editing software
- organisational procedures for preparing for and performing editing
- WHS procedures that apply when using computers and keyboards.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- content requiring editing
- post-production facilities
- editing software.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
