Assessment Requirements for CUASET502 Develop set construction plans

Release: 2

Assessment Requirements for CUASET502 Develop set construction plans

Modification History

Release	Comments
Release 2	This version released with CUA Creative Arts and Culture Training Package version 2.0. Updated assessment conditions section. Updated modification history section to reflect changed name of training package.
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 1.0.

Performance Evidence

Evidence of the ability to:

- translate design concepts into creative and workable set construction plans for at least two productions
- communicate effectively with designers and creative personnel
- develop accurate specifications and drawings as the basis for set construction tasks.

Note: If a specific volume or frequency is not stated, then evidence must be provided for each of the above points at least once.

Knowledge Evidence

To complete the unit requirements the individual must:

- describe issues and challenges that typically arise when developing set construction plans, and suggest ways of addressing them
- describe techniques for creating set construction plans and specifications from designs and other visual sources
- explain how different construction methods are used to achieve a range of commonly required set effects
- explain how stage dimensions and the way stages are constructed impact on planning the construction of sets
- provide examples of the cost of materials typically used to construct sets
- explain how work health and safety procedures affect the process of planning and constructing sets.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to set designs from which construction plans can be developed.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
