Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- compile at least three different music soundtracks for screen productions that meet technical, creative, and production requirements.

In the course of the above, the candidate must:

- demonstrate proficient critical listening and aural discrimination skills
- collaborate with others
- use industry-standard sound editing and synchronisation software.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- principles and techniques for compiling music for soundtracks
- equipment and resources required when producing music soundtracks
- roles and key features of editing and synchronisation software in the creation of sound tracks
- strategies to evaluate and seek feedback to improve practice
- issues and challenges that typically arise when compiling music for soundtracks, and how to address them
- ways to effectively work by collaborating with others
- copyright requirements that relate to sourcing, securing and preparing music components for soundtracks
- work health and safety considerations that relate to the production of music soundtracks.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- industry-standard sound editing and synchronisation software
- productions that require music soundtracks
- interaction with others required to demonstrate the performance evidence.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
