Release	Comments
Release 2	This version first released with CUA Creative Arts and Culture Training Package Version 6.0. Correction to Mapping Information. Supersedes and is equivalent to CUASS00053 Technical/Scientific Field-Based Photo Imaging Skill Set.
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

Description

This skill set addresses the skills, knowledge and performance requirements for technical/scientific field-based photo imaging.

Pathways Information

Units from this skill set can contribute credit towards the CUA41120 Certificate IV in Photography and Digital Imaging.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

CUACMP311 Implement copyright arrangements

CUADIG303 Produce and prepare photo images

CUAPHI312 Capture photographic images

CUAPHI313 Process photo images

CUAPHI411 Capture images in response to a brief

BSBPMG430 Undertake project work

Target Group

This skill set is for technical/scientific field officers who, as part of their day-to-day job duties, use photo imagery to primarily record and document animals, plants and landforms. Technical/scientific field officers may also capture a limited number of images for media purposes.

Suggested words for Statement of Attainment

These units from CUA Creative Arts and Culture and PSP Public Sector Training Packages meet industry requirements for technical/scientific field officers.
