Assessment Requirements for CUA5TA511 Manage specialist staging operations

Release: 1

Assessment Requirements for CUASTA511 Manage specialist staging operations

Modification History

Release	Comments
Release 1	This version first released with CUA Creative Arts and Culture Training Package Version 5.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- manage the implementation and operation of specialist staging and flying requirements for at least one production or event.

In the course of the above, the candidate must:

- document a workplan for setting up and managing staging operations
- work collaboratively and maintain communication and relationships with key production personnel during planning and operations.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- ways to address issues and challenges that typically arise when managing specialist staging operations
- required contents of an emergency operation plan in specialist staging operations documentation
- safety and licensing issues to be taken into account when planning and operating a range of staging equipment and flying systems for productions and events
- organisational procedures for managing specialist staging operations
- industry systems for automated show control, flying, and staging systems and the key principles of their use
- purpose of contingency plans that include meeting production deadlines
- purpose of modifying sets that includes allowing the safe flying of objects and people
- principles of lifting, revolving and moving loads
- features and operating principles of pendulum and fixed track flying systems.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- venues and productions that require specialist staging effects.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
