DEF43122 Certificate IV in Digital Forensics

Release 1

DEF43122 Certificate IV in Digital Forensics

Modification History

Release 1. This is the first release of this qualification in the DEF Defence Training Package.

Qualification Description

This qualification has been designed to provide a package of competencies reflecting the workplace capabilities required to conduct a digital forensic investigation.

It qualifies individuals to apply a broad range of specialised skills and knowledge in a range of contexts to undertake skilled work in digital forensics. Those undertaking this qualification would work independently, or as part of a team with minimal supervision.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

Nil

Packaging Rules

A total of **8 units of competency** are required for this qualification.
