## Qualification Description

This qualification allows for the attainment of competencies as a range control officer. The term range refers to any area of land, sea or air that may be designated for military manoeuvres or simulated wartime operations. Range control officers are responsible for the safe and effective coordination of training activities on assigned training areas. Range control officers are generally located at or near their training area. The unit qualifies individuals to apply a broad range of specialised knowledge and skills in varied contexts to undertake skilled work in range control.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

## Packaging Rules

12 units of competency are required for this qualification:

- 6 core units
- 6 elective units

Choose a minimum of 4 elective units from the list below.

Choose the remaining 2 elective units from either the list below or from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units selected from outside this qualification must reflect the occupational and learning outcomes of this AQF qualification level. Seek further advice on selecting imported units of competency in the DEF Implementation Guide.
