DEF53122 Diploma of Digital Forensics

Release 1

DEF53122 Diploma of Digital Forensics

Modification History

Release 1. This is the first release of this qualification in the DEF Defence Training Package.

Qualification Description

This qualification has been designed to provide a package of competencies reflecting the workplace capabilities required to conduct and manage a digital forensic investigation.

It qualifies individuals to apply integrated technical skills and theoretical concepts in a range of contexts to undertake advanced skilled or paraprofessional work in digital forensics. Those undertaking this qualification would work independently, or as part of a team with minimal supervision.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

Nil
