Qualification Description

This qualification allows for specialisation in either range inspection or range safety. It qualifies individuals who apply integrated technical and theoretical concepts in a broad range of contexts to undertake advanced skilled or paraprofessional work as a senior operations officer. The term range refers to any area of land, sea or air that may be designated for military manoeuvres or simulated wartime operations. The training area manager is responsible for the overall management and operation of training areas.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Additional qualification advice

The testamur should be titled: Diploma of Range Management (field of study) i.e. Diploma of Range Management (Range Inspection).

Packaging Rules

14 units of competency are required for this qualification:

- 5 core units
- 9 elective units

Specialisation

The candidate is required to choose either the Range Inspection or Range Safety specialisation:

- Choose a minimum of 7 elective units from Group A for a Range Inspection specialisation
- Choose a minimum of 7 elective units from Group B for Range Safety specialisation
