Assessment Requirements for DEFCMM003 Transmit and receive data via information exchange systems

Release: 1

Assessment Requirements for DEFCMM003 Transmit and receive data via information exchange systems

Modification History

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. • Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- configuring basic circuits
- handling classified material
- identifying basic equipment faults
- processing messages
- ensuring circuit procedures comply with specific workplace requirements
- complying with WHS/radiation hazard policy
- complying with emission control policy
- maintaining security

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- basic communication procedures
- basic radio propagation
- classified material handling procedures
- communications ancillary equipment
- composition of teams and roles and responsibilities of team members
- emission theory and control
- information exchange systems terminology and basic operations

- message formats
- work health and safety (WHS) practices
- OTAT/OTAR procedures
- radiation hazard (RADHAZ) procedures and awareness
- satellite communications systems terminology and basic operations
- security procedures
- task specific equipment configuration/operation
- techniques for supporting others
- work environment layout

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
